

# Miss AMS 2025

Throughout the school year, we will gather pop tabs from drink cans to support the Ronald McDonald House. This initiative welcomes everyone to join in – you don't need to be a participant to contribute! Look for the collection box in the cafe and remember to save your tabs before discarding the can. Collecting pop tabs is a simple way to show support for the Atlanta Ronald McDonald House Charities. Join the efforts of numerous individuals, schools, and businesses across the Metro-Atlanta area to collect pop tabs and aid in furthering their cause.

From RMHC:

At Atlanta RMHC, we believe all children deserve access to quality pediatric healthcare. Our mission to nurture the health and well-being of children and families seeks to ensure life-saving healthcare accessibility regardless of race, color, ancestry, religion, sex, socioeconomic status, national origin, sexual orientation, age, citizenship, geography, marital status, disability or gender identity. Our two Atlanta Ronald McDonald Houses, Ronald McDonald Care Mobile and Ronald McDonald Family Room are committed to welcoming all families and removing barriers to access. Our commitment to family-centered care is validated by research which demonstrates that supporting the family results in better outcomes for the family and their child.

## Wands for Wildlife

Did you know that your mascara typically lasts around three months? If you're unsure when you started using it, watch out for signs like the formula drying out, clumping, or developing an unusual smell. If these occur before three months, avoid pumping the mascara wand in and out, which can introduce more bacteria into the tube. Since preservatives have a limited lifespan, consider getting a new mascara and send the used wand to Miss AMS for recycling to support wildlife. You can drop off used mascara wands in the collection box at the café. This is a recycling event so please do not send in new wands.

Please **SAVE** and **COLLECT \*USED\*** mascara wands. Miss AMS will be collecting the wands, cleaning them, and sending them to the Appalachian Wildlife Refuge for their Wands for Wildlife program.

**RECYCLE & SAVE WILD LIVES!**

Old mascara wands are used to clean and remove fly eggs and larva from the fur of wild animals. They work great because the bristles are close together.

Please bring in used mascara wands in bags. There will be a collection bin located in the café. This program is to recycle, so please do not purchase disposable wands, and to help animals.
